

Google Cloud **AMD**

Solving For India

Hackathon Guide

Community partner

Last Date to Submit

16th Apr, 2023

Table of Contents :

- General Instructions

- How to create account on Google Cloud and avail free credits.
- A Step-by-Step Guide to Start with Google Cloud Services & AMD Instances
- Creating Instances on Google Cloud
- Database and High Level Architecture
- How to collaborate with your team members using GitHub
- Deploying Solutions with Google Cloud Platform
- Ideation (How to Search for project Ideas)
- Design thinking and UX/UI
- Pitching and presentation skills
- High Level Design
- Going Beyond Database: Cache
- How to test, debug and deploy your hacks using best practices
- Database and High Level Architecture

- Blockchain

- Learning to Build Blockchain Application
- Building a Blockchain App with AMD Instances on Google Cloud Platform

- Agro-Tech

- Empowering Agrotech Innovations with GCP

- Health-Tech

- Innovating Health-tech Solutions with GCP

- Fintech

- Building your Fintech on Google Cloud

General Instructions

Google Cloud AMD

Solving For India - Hackathon Series

How to create account on Google Cloud and avail free credits.
